In Brief

Biden briefing transfers power to Kamala Harris

President Joe Biden transferred power to Vice-President Kamala Harris for a historic one hour and 11 minutes yesterday while he was being treated for a coronary artery procedure as part of a regular health check.

Biden became the first US president to undergo such surgery while in office.

Thousands of手臂 have been carried out at several New York City hospitals.

The operation was successful and the president is expected to stay overnight at the hospital before returning to the White House.

Shabab Oman II navy ship arrives in Qatar

The Oman navy ship Shabab Oman II arrived at Hamad Port on Thursday, as part of an annual visit to the port of the Gulf Cooperation Council.

The executive director of the Ministry of Sports and Youth Hisham bin Saud bin Ahmed bin Al Ali, the director of the Pavilion Department at the Ministry of Sports, a delegation from the University of South Florida and the crew of the Oman Navy ship arrived in Qatar.

In a ceremony on board the ship, Hisham bin Saud bin Ahmed bin Al Ali welcomed the ship and said: “This is a historic moment for the Oman navy, as we are taking this step to strengthen our cooperation with Qatar in the field of sports and youth.

The ship is equipped with modern facilities and has a crew of 200, including officers and sailors, and is armed with missiles and torpedoes.

The arrival of the ship marks the beginning of a new chapter in the cooperation between the two countries in the field of sports and youth.”

Shabab Oman II is a state-of-the-art frigate that is equipped with advanced technology and has a crew of 200, including officers and sailors.

The arrival of the ship marks the beginning of a new chapter in the cooperation between the two countries in the field of sports and youth.

Watan military exercise a big success

The ‘New Dawn’ exercise, which concluded this week, has proven the high readiness to deal with any experience during major sport events and in training and reflected the high readiness of forces in terms of organization and preparation of all the participating units and tasks. A number of the officers were at the front.

The exercise in Al-Mishraka, Al-‘Asha to Al-Bayti Sports Clas, Madinat Al-Sharq SM, South East SM, 5th, 7th, 9th, 11th, 13th, and 15th battalions, was conducted under the supervision of the Emir’s office and its Climate Control Authority. The exercise aimed to test the readiness of units and the coordination of participating entities, locally and from abroad, in addition to

Al-Sulaiti meets St Lucian IMO delegation

Ministry of Transport HE Khalfan bin Saleh al-Kuwari welcomed a St Lucian IMO delegation in London with a delegation representing the Qatar Maritime Students’ Union and the International Maritime Organization (IMO). The delegation comprised Minister of Commerce, Industry, Enterprises Development and Consumer Affairs Homer Mufadi, Minister of Agriculture, Fisheries, Physical Planning, Natural Resources and Overseas Affairs Alfred Prosper, and the Saint Lucian government’s National Trade and Export Promotion Agency. The meeting came as the IMO, which is based in London, has introduced the United States into the IMO’s operations due to its lack of implementation activities.

Qatar Airways inaugural flight touches down in Almaty

Qatar Airways inaugurated daily flights to Almaty in Kazakhstan yesterday marking the launch of the airline’s seventh route from Doha.

"Operated by an Airbus A350 exclusively configured for the route, Qatar Airways became the first Western airline to operate a medium-haul route to Kazakhstan and the first to operate the A350 within the region," the airline said.

"This route expansion showcases our commitment to the development of our network in Central Asia and to meeting our customers’ growing travel needs to the central part of Asia," said Qatar Airways CEO, His Excellency Akbar Al Baker.

The inaugural flight, QR2202, took off from Doha at 7:40 am local time and arrived in Almaty at 11:25 am local time.

"As a result of the new route, Qatar Airways will operate a total of 60 flights to and from Central Asia each week, with its network now consisting of flights to five countries in the region, including Uzbekistan, Kazakhstan, Kyrgyzstan, Turkmenistan and Tajikistan. The expansion of our network in the region is reflective of our ongoing strategy to diversify our network, enter new markets and enhance our connectivity with the entire region.

"This new route also expands Qatar Airways’ network in Kazakhstan, where we have been operating consistently since 2004. The addition of Almaty brings the total number of flights that we operate to three frequencies per week. These routes, together with our flights to Astana, make us the second largest airline serving the market, after Air Astana with four flights each week. The launch of this new route is part of our ongoing strategy to continuously improve our network and offer our customers our signature West-meets-East service," said Al Baker.

"As a result of this new route, Qatar Airways will become the first Western airline to operate an A350 in Central Asia. The A350 is also the first passenger aircraft to operate on the Doha-Astana route.

"The launch of this new route is also part of the airline’s strategy to continuously expand its network and offer our customers our signature West-meets-East service. The A350 is also the first passenger aircraft to operate on the Doha-Astana route.

The airline strives to continue to operate at the top of the industry and its current position in the global market is a testament to our continued commitment to excellence and service. The airline’s network is now fully connected with two routes, QR2202 and QR2203.

Students from Georgetown win top honours

The students from Georgetown University in Qatar were recently awarded the 2017 Qatar National Knowledge Pledge Gold Medal, given by Qatar National Research Fund (QNRF) in recognition of research excellence.

The QNRF’s 12th edition of the Qatar National Knowledge Pledge was launched in 2016 with the aim of encouraging students to contribute to scientific research and development, and to inspire them to pursue careers in science.

The awards, which are given to the top three students in each category, were announced at the Qatar National Research Fund (QNRF) 12th annual conference in Doha.

The winners were selected based on their academic achievements, research experience and potential to make significant contributions to the field of science.

The winners received certificates and a one-time grant of QR5,000 each.

The conference was attended by over 200 researchers, academics and students from Qatar and the region.

Paddle players join in tree-planting drive

The Ministry of Municipality andEnvironment in Qatar today launched a tree-planting campaign in celebration of the 2017 World Environment Day.

The campaign, under the theme “Live Forest, Live Life”, aims to raise awareness among the public about the importance of forests and their role in mitigating the effects of climate change.

The campaign, which is being supported by the Ministry of Municipality and Environment, will be carried out in collaboration with the Ministry of Education and Higher Education, and the Ministry of Interior.

The campaign will be launched at the Al Gharrafa park in Doha and will involve planting trees and distributing information leaflets on the importance of forests.

The campaign will also include a series of workshops and seminars on the role of forests in protecting the environment and reducing the impact of climate change.

The campaign will run until the end of the year, with regular updates on its progress.

The campaign is part of the Qatar National Strategy for the Protection of the Environment and Natural Resources, which aims to raise public awareness about the importance of protecting the environment and natural resources.

The campaign is also part of the broader efforts to reduce Qatar’s carbon footprint and promote sustainable development.

The campaign is in line with the global efforts of the United Nations to raise awareness about the importance of forests and their role in mitigating the effects of climate change.

MES wins overall championship in dance, music video contest

MES Indian School耀眼 took the overall championship in the dance, music and video contest at the Annual Inter School and Inter House Meet 2021-22. The competition was held in the presence of the school's principal, Shri. R.B. Murthy, and other teachers. MES participated in All India and State categories across the disciplines of dance, music and video making. MES students were awarded first and second places in all the categories.

LUOLOYA

Loyola School students have a special day

Loyola International School's Kalya Golecha highlighted the participation of its students in the City Day celebrations organized by the Indian Cultural Centre (ICC) in association with the Indian Consulate in Qatar. The school's students participated in various cultural activities, showcasing their talent in music, dance and other Performing Arts. The students were interviewed by the media for their performance and were awarded certificates of participation.

QATAR-BASED MALAYALAM WRITER CLINCHES BEST FOR BEST CHILDREN'S BOOK

Malayalam author Muthulakshmi Pillai, a prominent Malayan writer and critic, won the first prize for her short story titled "Bala" at the "Kerala Sahitya Akademi" awards ceremony in Thiruvananthapuram. The award is conferred by the Government of Kerala to recognize outstanding literary works in Malayalam. Muthulakshmi Pillai has written over 50 books and her work is widely acclaimed for its depth and richness.

Birla hosts virtual guest

The inauguration ceremony at Birla Public School's Virtual Event 2022-23, an interschool competition for students across Qatar, was attended by the school's principal, Dr. Rekha Pillai. The event was a grand success, with students from various schools participating and showcasing their talent in various categories such as music, dance, and sports. The competition was judged by a panel of experts, and the winners were announced at the end of the event.
Students at QF partner Tamaq get Aggie Rings

Tameem American University of Doha (TADM) recently presented its first Aggie rings to students with exceptional accomplishments at Education City. Students of TAU have been termed as “Aggies” and the Aggie crest continues at TAMU-Doha. The Aggie ring represents the values every Aggie should hold: inclusivity, leadership, integrity, respect and hard work. On this occasion, Mohammad Althuali, a Class of 2022 mechanical engineering student and president of the Student Government Association, was the first student to receive his Aggie ring during the ceremony, which began with a speech by R. Donald Kettler, the university’s provost and senior vice chancellor. “It is an honor to have been chosen to represent the students of TAU in this special event,” Althuali said. “I am grateful to have received this ring, which symbolizes the values that we hold dear as a university.”

NIU hosts inter-school chess tournament

National University of Industrial Arts (NIU) in association with the World Chess Centre (WCC) organized the largest inter-school chess tournament for students of Indian schools in the Gulf region. The event was participated by 11 Indian Schools. Rana Sachdeva, principal school, said, “We are thrilled to host this event as it is an opportunity for students to showcase their skills and compete against each other.”

ISCD holds yoga contest prize distribution

Indian Sports Centre Doha (ISCD) conducted a prize distribution ceremony for the Yoga Challenge conducted in conjunction with the International Yoga Foundation (IYF). The event was held in June, during which all the winners were awarded certificates and trophies. The winners were divided into different categories based on age and gender. The winners were selected based on their performance in different yoga asanas. A total of 250 participants from various countries participated in the event. The winners were presented with certificates and trophies in recognition of their hard work and dedication.

Pak Shamaa School marks Traffic Day

Pak Shamaa School organized a road safety awareness event to mark Traffic Day. The school aimed to educate students on the importance of road safety and the role they can play in creating a safer environment. The students were taught about the importance of using traffic signs and signals. The students were also taught to be responsible for their own safety and to act responsibly in response to the traffic signals. The event was conducted with the assistance of local authorities and the students were given certificates for their participation.

Diaspora of Malappuram announces prize winners

Malayali students in the Gulf region announced the winners of the best Malayali student of the year awards. The awards were presented to students who have made significant contributions to the Malayali community in the Gulf region. The winners were selected based on their academic achievements, community involvement, and leadership qualities.

BMIS honours its gold medallists in Olympiad

British Modern International School (BMIS) in Doha honored its gold medallists in the Olympiad. The students were awarded medallions for their outstanding performance in various subjects. The medallists were recognized for their hard work and dedication in preparing for the Olympiad. The awards ceremony was held in the school auditorium, where the students were presented with their medals and certificates. The event was attended by the school management and the students’ parents.

Techno Hunt 2K21 sees 400 projects

MIS International School recently conducted Techno Hunt 2K21, a virtual art and science exhibition. More than 700 students participated in the event, showcasing their creativity and skills. The students were divided into different categories based on their age and grade. The students were encouraged to participate in various categories, including painting, photography, digital art, and science experiments. The winners were selected based on the quality and creativity of their projects. The event was a great opportunity for students to explore their interests and talents, and to share their work with a wider audience.

Whipping up America’s inflation bogeyman

By James K. Glassman

The headline claims for Harvard Business Review (February 2023) are a common refrain: “Don’t Blame the Inflation Bogeyman.” It is an article that argues against the notion that inflation is a problem because it affects the economy in a malign manner. Instead, the article suggests that inflation is a temporary phenomenon that will resolve itself over time.

But the article’s premise is flawed. While it is true that inflation is a temporary phenomenon, it is also true that it can have significant long-term effects on the economy. Inflation can lead to higher interest rates, which can hurt investment and economic growth. It can also lead to higher prices for goods and services, which can erode the value of savings and pensions.

Moreover, the article’s claim that inflation is a temporary phenomenon is not supported by data. Inflation has been a persistent problem in economies around the world for decades. Even in the United States, where the economy has been relatively stable, inflation has been a persistent problem.

The article’s conclusion that inflation is a temporary phenomenon is also not supported by history. Inflation has been a persistent problem in economies around the world for decades. Even in the United States, where the economy has been relatively stable, inflation has been a persistent problem.

In conclusion, while inflation is a temporary phenomenon, it is also true that it can have significant long-term effects on the economy. It is important to understand the potential risks that inflation poses and to develop policies that can mitigate its effects.

US House passes Biden’s $1.75tn social spending bill

President Joe Biden signed the $1.75 trillion social and environmental spending bill into law on Monday, a major legislative achievement for his administration and a key step in his agenda to expand federal programs and services.

Biden said in a statement that the bill “will help to lift families out of poverty, make our country stronger, and secure America’s future.”

The legislation includes a range of programs, including healthcare, education, housing, and climate change initiatives.

**Key provisions**

- **Healthcare**: Includes the Build Back Better Act, which expands healthcare coverage, reduces prescription drug prices, and creates a federal program to provide free or low-cost healthcare to those who are uninsured.
- **Education**: Increases funding for public schools and universities, expands access to early childhood education, and provides scholarships for students from low-income families.
- **Housing**: Provides funding for affordable housing, rental assistance, and permanent supportive housing for the homeless.
- **Climate change**: Includes investments in renewable energy, climate resilience, and carbon capture technologies.
- **Social services**: Expands childcare, eldercare, and direct care services for seniors.

**Reaction**

The bill was met with a mix of support and criticism. Some lawmakers praised the bill for its comprehensive approach to addressing social issues, while others criticized it as too costly and burdensome.

**Future priorities**

The Biden administration has said the bill marks the beginning of a broader agenda to address inequality and improve the lives of Americans. The president has called for more infrastructure spending and efforts to address economic disparities.

Vintage beauties drive visitors to classic car event

Qatar classic car event attended until Monday due to overwhelming turnout

By Joseph Thompson

Due to the overwhelming turnout at the Qatar Classic Car Event held at Al-Dhafra Air Base on December 11, Qatar classic car enthusiasts have extended the event until Monday (December 13), instead of concluding today.

This was announced by the Qatar Classic Car Association Chairman, Sheikh Hassan bin Jabor bin Jabor Al-Thani. He said, “The atmosphere and the interest in the event have been overwhelming. We have decided to extend it until Monday to accommodate the large number of visitors.”

Richard Branson said, “It is a great way to celebrate the classic car culture and heritage. The event has brought together car enthusiasts from all over the world.”

The event features over 200 classic cars on display, including vintage Ferraris, Jaguars, Rolls-Royces, and more. Visitors are encouraged to dress in period-appropriate attire and enjoy live music and entertainment throughout the day.

Sheikh Hassan bin Jabor bin Jabor Al-Thani added, “We strive to make this event a memorable experience for all who attend. It is a unique opportunity to appreciate the classic car culture and learn about the history of these magnificent vehicles.”

The event is free to attend and open to the public. Visitors are encouraged to arrive early to enjoy the full experience of the Qatar Classic Car Event.
