"Sport goes a long way in enriching the culture of a nation, its culture and ethos. Sport plays an important role in a region in particular.

The Olympic philosophy keeps inspiring us, in line with our desire to live together in harmony and love with all the peoples of the world who belong to different cultures and ethnicity.

The Olympic Games is the event where our hearts are all united for a common purpose. A purpose of unity and love.

We are united to help each other through co-operation, which is an Olympic value.

"The Olympic philosophy has been the engine that will take us to the completion of the first ever ANOC World Beach Games.

Our athletes had represented Qatar in the Mediterranean Games in Aspe, and the Olympic Games and the FIFA World Cup in Russia.

The ANOC Awards was created in order to recognise the achievements of NOC’s and their athletes as well as distinguished members of the Olympic family. I want to say that the ANOC General Assembly had the support of everyone and wish all success to everyone.

I am sure that the Association of National Olympic Committees and all members of the Olympic family will continue their efforts to support the successful development of sport and the Olympic Movement in the world."

Liverpool head to United with widest goal差距 in years

Klopp's side are unbeaten in EPL. United have two league wins this season

Liverpool (2-1-1) will head to Manchester United (2-0-2) on Sunday to begin their Premier League fixture list. Liverpool are unbeaten in away games so far this season, but United is in poor form, having gained only one point from two home matches. The fixture at Old Trafford will be the first derby between the two teams since the 2016 Carabao Cup Final, which Liverpool won 3-2.

Ozil's contract will expire at the end of this season, and the Arsenal midfielder is yet to sign a new deal. The German has featured only six times in all competitions this season, and his future at the club remains uncertain. Ozil, who is currently recovering from a knee injury, recently returned to training after undergoing surgery in January.

The German midfielder, who joined Arsenal from Real Madrid in 2013, has scored 85 goals in 256 appearances for the London club. Ozil's departure from the Emirates would likely have a significant impact on Arsenal's squad balance and finances. The club, which is managed by Mikel Arteta, is currently in the top eight of the Premier League table with 18 points from seven matches.

Ozil's departure would also have implications for the club's finances, as the German's contract is due to expire at the end of the season. His departure would free up a significant amount of salary space for the club to sign new players. The club is currently in talks with defender Hector Bellerin over a new contract, and the German's departure could allow for further signings in the January transfer window.
