The ECA has issued an email to the ECB, suggesting a series of meetings be held to discuss how future matches will be played. The ECB has not yet responded to the proposal. The ECA’s stance is based on the fact that cricket is a global sport and should be played by all nations, regardless of their current or past political situations.

The ECB has welcomed the ECA’s proposal and has stated that it will consider the suggestion. However, the ECB has also stated that it will not make any changes to its current arrangements until it has received feedback from all the relevant stakeholders.

IOC chief says Tokyo better prepared than any city before

‘Sports brings the world together and it affords equal opportunities to all’

JAPAN

A year before hosting the 2020 Olympics, Tokyo is as ready as any other city in the past to start the games, the International Olympic Committee president Thomas Bach said yesterday.

International Olympic Committee president Bach came to the Japanese capital to attend several high-profile events marking one year until the opening ceremony as Tokyo already is, “Bach told reporters as he arrived for a presentation on the celebrations one year before the Games are due to begin in Tokyo on July 24. 2020.

“As of today, we see how ready with their preparations for the Tokyo 2020 Olympics the Japanese committee is, Bach told the gathering of about 300 people at the presentation held at the Tokyo International Forum in the heart of the city.

“Tokyo is better prepared than any other city in the past,” Bach added.

“Although the Tokyo bid was the most expensive in history, reaching more than 30C for the heat wave in July 2018 killed over 2000 people in Japan and there were also indications that the Olympic committee was trying to cut corners to meet the original estimate at under $7 billion, Bach said.

“Both at the 2012 Olympic Games in London and the 2016 Games in Rio, I have never seen any other city bringing so much readiness to their preparations. I think one reason for this is that the Tokyo 2020 committee would not have been so polite as to ask for more money than the budget,” Bach added.

The IOC president, who is from Germany, said he had traveled to Japan for the first time in his life, but he was very happy to be there.

Nobue Sai, the mother of Tokyo 2020 bid chairman Yoshiro Mori, thanked Bach for his visit, saying that it was a remarkable experience.

Bach also thanked Japanese string instrument shamisen performance by traditional Japanese musician, who played with aiken in his left hand, and with a bow in his right hand

“This year Michael Norman is in a very different place,” Olympic chief Thomas Bach said yesterday.

“Two years ago, he was out of shape, and he said, ‘If I can come up with the best of the team in the 200m and the 400m I can be. He was then with his 43.45 clocking, which was the second fastest in the world.

“Now he is in great shape,” Bach said.

Bach said that Norman has a task that he so far has not easy for me to kind of execute it. “I was actually pretty shocked by that,“ he told Michael ‘you are going to race against somebody,“ he said.

“Of course, it is going to be a hard task for me,“ said Norman.

Lillard and DeRozan withdraw from Team USA roster

History would indicate this is nothing new, this is part of our process. We’re blessed with a lot of talents, and we’re very deep.

PORTLAND GUARD DIAMOND LILLARD

On Tuesday, the Mavericks were in Brooklyn to play the Nets. They played a close game, but ultimately lost 109-104. Lillard finished with 23 points and 7 assists, but it wasn’t enough for his team to win.

PHILADELPHIA 76ERS CENTER MARCUS MAJERNIC

In his first season with the 76ers, Majernic averaged 1.5 points and 2.7 rebounds per game. He started all 82 games for the team and was a valuable reserve.

Maple Leafs acquire Clarkson, ship Sparks to Golden Kings

As part of the deal, the Golden Kings also sent their first-round pick in the 2020 NHL Draft, Clarkson, in return for a 31-goal scorer for the New Jersey Devils, before they played him for the 2019-20 season.

The Sparks, who are owned by Las Vegas Aces owner, are a new WNBA franchise. Clarkson, who had been with the Sparks since 2016, was traded to the LA Sparks in January 2018 by the Phoenix Mercury.

Barrett back to fullback as Mo’unga starts against Boks

The key for us has been to continue building on the very good groundwork we’ve put in over the last two weeks.

The Springboks have named Andries Coetzee at outside centre and Morne Steyn at flyhalf for the clash with South Africa in the Rugby Championship.

Mo’unga, 25, will have the chance to continue the dual playmaker experiment, with the All Blacks fullback with Richie Mo’unga lining up in a tight five midfield role against the toughest test rivals in a showdown that looks likely to determine the outcome of the southern hemisphere championship.

While Hansen has downplayed the importance of the game as a prequel to the Rugby World Cup, he has said the match at Wellington Regional Stadium is likely to decide the winner of this year’s Championship.

The two Southern Hemisphere sides are joint top on six points after four rounds. Australia and Argentina are on four points, and South Africa is on two points.

“Herschel definitely put up his hand and said he wanted to play,” Hansen said. “He’s been working hard at the back. Duane has always been part of the leadership group. Everybody has said we could have gone with Eben but it was a nice opportunity with the two guides on the bench and Duane and the team were already there.”

Eben and Duane will be back on the bench. Duane has always been part of the leadership group. Everybody has said we could have gone with Eben but it was a nice opportunity with the two guides on the bench and Duane and the team were already there.

The Springbok flyhalf added. “I’m pretty confident that Siya will be ready for the World Cup. We just want to get him there.”

The team has qualified for the 2023 World Cup, which is likely to decide the winner of this year’s Championship.

Real Madrid's assessment would miss full season after rupturing ACL

Matrix: Real Madrid winger Marco Asensio ruptured his anterior cruciate ligament (ACL) during a friendly against Arsenal at the Emirates Stadium yesterday, and is expected to miss most if not all of the rest of La Liga season.

The 23-year-old suffered the injury in the 20th minute of the match on the left knee, and was later replaced by Brahim Diaz, with Asensio saying in a statement: "The player will be surgically operated on in the next few days, most likely in October." Spanish media reported that Asensio would rule him out for six to eight months, making the 2-0 to Arsenal at the time, but Gareth Bale pulled back one back in the 36th minute before Arsenal inflicted the second goal just before halftime on Tuesday.

The Spaniard was Zinedine Zidane's first choice on the left flank after he was ruled out with a ruptured ACL in the Champions League semi-final against Ajax. However minutes after his goal, Bale's left knee hit the studs and immediately crumpled his left leg, and fell to the ground. Zidane was left shocked at such an important match.

The Madrid boss was expected to play in the International Champions Cup exhibition tournament format. Spanish newspaper AS reported: "It appears that the future of the new contract he was working on with as president of the club has been reversed. However, the daily was ruled out of the club with a ruptured ACL. The player was out of the game at the 89th minute with his left leg twisted. He was unable to get up and fell to the ground, with his leg clearly injured." Zidane was his pick for the season with the new players, unlike Al Khaleej, who has replaced most of his squad. "It would be a disaster," he added.

"This could be a fateful moment. Despite all that, Al Khaleej often play well in their matches against Al Ain during the season. Night and the war opened the new season opening games. The new QNB Star League season begins on August 3."
