Five-time winners Australia face the hosts in the semi-final on Thursday

Root remains calm amid ‘spicy’ Australia talk

In this July 2, 2019, picture, England’s Joe Root prepares to take a catch during a training session at the Riverside Ground in Chester-le-Street, United Kingdom. (AFP)

J oe Root is determined the “spicy” nature of England’s latest clash with Australia won’t produce a distortion when the two sides meet in a place that has been the Holy Grail of the visitors’ preparations for the World Cup final in England against England on Thursday.

“We’re reigning champions will face England, who are the tournament hosts England and are on a roll. So it’s a big game for us. It will be one of the highlights of the tournament so far,” Root told a media conference in London on Wednesday.

Root said the Aussies are battle-hardened. Both have had really good runs. Both have had really good lead ups. Both really good hard-fought victories. Both have had really good efforts.

“Both are coming into the semi-final in England against England on Thursday. “We’re reigning champions will face England, who are on a roll. So it’s a big game for us. It will be one of the highlights of the tournament so far,” Root said.

Root has been an integral part of England’s World Cup-winning team in 2019 and has led the side to another successful campaign so far. He is looking forward to the upcoming match against the Aussies and is confident of their chances.

Coach Gibson wants to complete unfinished business with Proteas

Australia coach Justin Langer has always been known for his fiery nature and he seems to be in no mood to change his tactics. He has already declared that his team will not come to the World Cup to play a tame game.

“Every one of my players has the same mindset. They all want to go out there and give it their all. They all want to win. They all want to be the best,” Langer said. “That’s the mindset we’re coming into this World Cup with.”

Langer’s comments seem to suggest that he is not interested in playing a tame game and is looking forward to a fiery encounter with the Aussies.

Kohli, Williamson renew rivalry at the biggest stage

Indian cricket's World Cup semi-final against New Zealand in Taunton on June 17. As India won by six wickets, it sent the Kiwis out of the tournament.

Kohli acknowledged the pressure in his team's semi-final against New Zealand. The Black Caps are a team that have been used to that kind of pressure for many years. Kohli's half-century broke the duck he had in the World Cup, which was his second consecutive duck.

Williamson acknowledged the pressure, saying: "It was a great result for New Zealand. They were in a great position and they had a great chance of winning. But we were able to put in a fantastic performance and we were able to get the job done." Williamson was not far behind Kohli, scoring 52 runs.

Kohli's performance was not only a personal achievement, but also a team effort. The team's batting line-up, which included Rohit Sharma and Shikhar Dhawan, contributed significantly to the win.

In the end, it was Kohli's stellar performance that led the team to victory. His 111-run knock was the highlight of the match, and it helped India secure a comfortable win.

Kohli's performance was a testament to his talent and dedication. He has been a consistent performer for India in the last few years, and this win was a perfect way to consolidate his position in the team.

With this win, India has qualified for the World Cup final, and it will be looking to win its second World Cup title. Kohli and his team will be hoping to repeat their success from the 2011 World Cup, when they won the tournament.

The World Cup semi-final was a thrilling match, with both teams playing their best cricket. Kohli and Williamson, who have been involved in many exciting encounters, will be looking to create more memories in the final.

In the meantime, India will be looking forward to the World Cup final, where they will be hoping to win the title and claim a place in cricket history.
