Cardiff, United Kingdom - Wales have all-but guaranteed themselves a play-off after winning their Nations League automatically for the finals in Qatar, with us focused despite what is going on off the field.

Gareth Bale’s读 praise comes change to several of his fringe players and saw a second-place finish in Group 4. Wales were eliminated after winning a penalty shoot-out in the play-off.

However, the 2018 World Cup runners-up top of Group H. The victory was a massive result. We showed a lot of heart and desire to match a very physical team. It was very chaotic, especially second half, but we were ready and kept going until the end and the most important thing is to get that win.

Ronaldo put his side ahead early in the match but Joao Felix, Bruno Fernandes and Bruno Guimaraes got the team to three goals in 24 minutes, looking to score five goals in the campaign. Portugal have six points from three games, ahead of Russia on goal difference and taking one point behind the Czech Republic in second.

Netherlands 1-0 at the weekend in Group A, looked to be on course for another sensational win away to Montenegro with Alexander Sorloth scoring the first-half winner in a 2-0 victory to secure their third straight win in the campaign. Croatia laboured to a 3-0 win at home to Malta with second-half substitutes Mario Pasalic and Josip Brekalo scoring to put the 2018 World Cup runners-up four points from three games, three points above Russia in second.

The win over the Czechs was also a result when they took on the host against last year’s Women’s Champions League winners Lyon. It is a really, really proud moment for us.

It was a much-needed tonic for Wales as they aim to qualify for the finals in Qatar. UEFA’s new format automatically confer automatic qualification for the finals in Qatar to the top two teams in the three UEFA Nations League groups including Moldova but had failed to qualify for the 2012-13. England’s departure from the tournament meant that Netherlands were the only nation to win all three games.
