AFC CHAMPIONS LEAGUE

Southgate warns early lift in tough group

Duhail head into the tournament with conquerors of the AFC League Group C, with Al Sadd finishing in second, a seething Persepolis finishing third, and Al Ain failing to make an impact in the 2021 AFC Champions League after being dumped out of the group stage by their rivals for the 1995-96 campaign if they don't survive out of the competition by the Czech team. Al Shorta head coach Aleksandar Ilic is strong and there will be big competition. Al Ahli have good Asian experience and to do so, we must make a good start.

Al Duhail players train yesterday in Jeddah, on the eve of their AFC Champions League Group C match against and Al Shorta.

The Gunners, languishing in ninth in the Premier League, a title they won in 2019, are going into this tie on the back of a 1-0 win over RKC Waalwijk thanks to a goal from Pierre-Emerick Aubameyang and Daniel Ceballos. Arteta is unsure if Arsenal captain Mikel Arteta. The Spaniard would buy himself some time if Arsenal progress to the last four. "Our first goal is to advance from the group stage. We have been preparing for the last three weeks."

Meanwhile, Roma are hoping to reach the semi-finals while Esteghlal exited the competition in the Round of 16. Meanwhile, Villarreal gun for their first ever major trophy, a Europa League title. "We need to win all three matches and if we do so, then the results will be very good for us," Ilic said.

"We will try our best to prepare the players to be ready for the matches which are going to be played in a tough group. The match schedule is very tight, so we need to be sure and to have a strong and sound physical preparation."
Babar Azam goes a batting masterclass as Pakistan chase mammoth target

“I keep trying to learn and add new things to my game, and I will try to do the same,” he added.

In the match against Zimbabwe, Babar hit 122, his first ODI century, and shared a 164-run partnership with his teammate, Mohammad Rizwan, to help Pakistan to 324 for 4 in 40 overs.

Rizwan also became the first Pakistani wicketkeeper to score a century in an ODI.

The victory helped Pakistan to a 2-1 win over Zimbabwe, with the third match ending in a draw.

In the year 2021, Babar was named the ICC’s Test Player of the Year.

End of an era

The match against Zimbabwe was also Azam’s 100th ODI, marking the end of an era as he became the first Pakistani batsman to reach the milestone.

Azam, who has played 100 ODIs for Pakistan since making his debut in 2012, said he was proud to have achieved the feat.

“I am very happy to have scored my 100th ODI century,” he said. “It is a special occasion for me and the team.”

The victory also marked the end of a difficult year for Pakistan cricket, which had seen the team struggle in recent times.

Azam also paid tribute to the team’s support staff, including the coaching team and management.

“I would like to thank all the support staff, including the coaching team and management, for their support,” he said. “I am very grateful to them for their hard work.”

The victory also helped Pakistan to qualify for the World Cup 2023, which will be held in India later this year.

Azam is currently the number one ODI batsman in the world, having surpassed Virat Kohli in the rankings.

**India set ‘double digit’ medal goal**

**Routuers**

India set the goal of improving its Olympic medal tally to a ‘double digit’ in Tokyo with the country’s top officials providing every help to the athletes with 100 days to go for the Games.

The world’s second most populous nation that has never won an Olympic gold medal laid the foundation stone for the build-up to Tokyo 2020 on April 21.

Two weeks after Tuesday’s ceremony, Indian Olympic Association President Suresh Kalmadi said stories of Japan’s sporting iconry were giving hope for the Games, which were postponed for over a year because of the pandemic.

“The things we have planned for the Games have been focused on improving the results,” Kalmadi said.

The government, top officials, and the IOA’s 77-member executive council are waiting to begin preparations for the Games that were postponed last year.

“With just over three months to go before the opening ceremony, the IOA has decided to go ahead with the start of preparations for the Games,” Kalmadi said.

He said that the Indians’ athletes have not won any medals at the Olympics since winning a silver at the 2012 London Games.
